

FACULTY BOARD BRIEFING · 16.06.2026

Entrepreneurship in ECRI.

PREPARED BY

Mohammad Abu-Rezeq
ECRI, Unit 01

FOR

Prof. Dr. Dominik Boehler
Faculty Board

MEETING

16 June 2026 · 14:00
THD · ZFE

Agenda

A short briefing on the state of ECRI founder coaching: who we are working with, how we reach them, the numbers, and what we need to grow.

01	Teams	Active student ventures	S. 03
02	The founder network	Founders, talent and mentors joining	S. 04
03	Formats and resources	How we reach and support founders	S. 05
04	The room at GreG	Our ECRIative Space, in use and in numbers	S. 06
05	Activities and KPIs	The current term in figures	S. 07
06	What we need	Call to action for the faculty	S. 08

The teams · Results

ACTIVE

L

Lucas Barrios

DIGITAL HEALTH · BRAZIL

A prescription service for the Brazilian market.

ACTIVE

K

Ksenia Vinogradova

ANIMAL HEALTH

An app to manage dental hygiene for horses, with a co-founder.

AT GREG

I

Ibrahim Lawal

AI business management platform for modern agencies, nine integrated modules from CRM to finance.

ACTIVE

H

Hazel D'couth

GESVIA · DIGITAL HEALTH

A digital health platform that turns complicated hospital forms into simple, engaging experiences for patients.

IN THE PIPELINE

+

More teams to add

TO BE CONFIRMED

Further active teams to be confirmed before the board meeting.

The founder · network

ECRI founders are part of a growing matching network. Students with ideas, talent looking to join a team, and mentors find each other in one place.

FOUNDERS WITH IDEAS

Students bringing a startup concept and looking for a team.

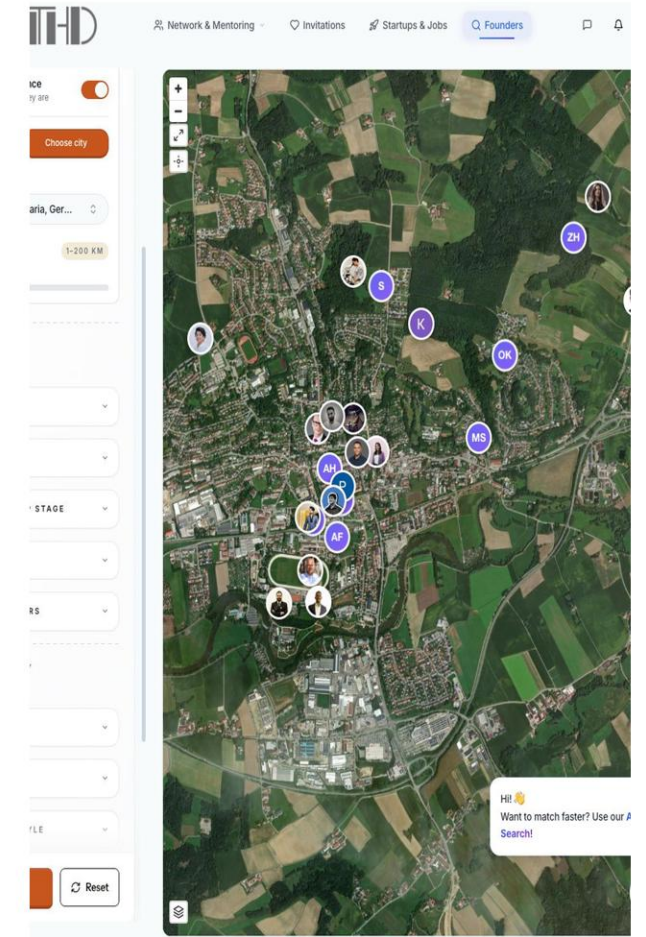

TALENT LOOKING TO JOIN

Skilled students who want to join an existing startup.

MENTORS

Experienced advisors supporting the teams as they grow.

Formats · and resources

Three ways we reach and support founders — from first contact to a place to build.

ACCESS

Office hours

Weekly walk-in slot, EC 2.11, Tuesdays 13:00 to 15:00. The first checkpoint of the founder pipeline.

TEACHING

Entrepreneurship class

Introduces students to startup thinking and channels interested founders into coaching.

SPACE

Room at GreG

Workspace and meeting point at the GreG Founding Center — detailed on the next slide.

The room · at GreG

Our shared ECRIative Space at the GreG Founding Center — used by 2 to 7 people every weekday for projects, group work and individual focus.

“

The room proves itself for us as a founding centre — well used almost every day, with an exceptionally warm and productive atmosphere. The partnership it builds between the university and the centre is highly valuable.

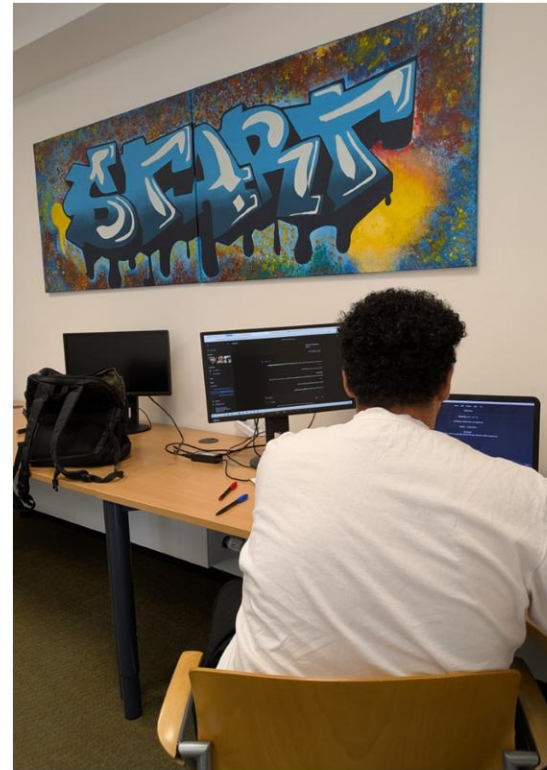

— GreG Founding Center

2-7

people on-site every weekday
Mon-Fri, average usage

WHY IT MATTERS

- Early contact with future founders
- A deeper THD ↔ GreG partnership
- A smoother path into the founding ecosystem

Activities · and KPIs

The current term on one slide. Individual talks and class visits are rolled up into a single outreach figure.

What we need · and where next

WHAT WE NEED FROM COLLEAGUES

How the faculty can help us grow

- Refer student founders to office hours and the entrepreneurship class.
- Offer short slots in lectures to reach students early.
- Resource the room at GreG — power strips, desk lamps, a few more chairs and a plant.
- Open doors to industry partners and follow-on funding.

WHERE WE GO FROM HERE

The direction from here

- Grow the number of active teams term over term.
- Move the funnel from estimate to measurement, including GreG room usage.
- Track people reached, projects built and teams since 2022.
- Turn more early conversations into funded ventures.

Let's grow this together.

What do you need from us, and what can we ask of you?
